SAFETY NOTICE

A Guide on How to Stay Safe from Waterborne Illnesses

1. Wash your hands thoroughly using soap.
2. Cover any open cuts or abrasions.
3. Avoid swallowing any water.
4. Double glove as to avoid any new injuries.
5. Shower as soon as possible after entering the water.
6. Wash any clothing that you have worn in the water.

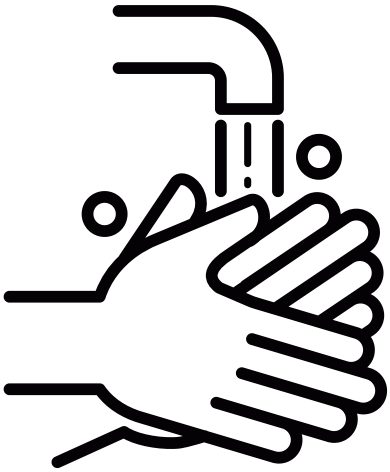

If you are ever concerned, please speak to your GP or a health professional.
